Unfinished Business:

1. Kent will continue to work with Sentry Mapping in hopes to finalize a better final copy.
2. Lower shed damage: Has been completed by Chris. Damaged wood has been replaced and painted to match existing brown trim. Project turned out even better than expected.
3. Chris and Tim will continue resetting and repairing fallen and damaged tombstones as time allows between regular groundskeeping tasks.

New Business:

1. Walk Through/Grounds Evaluation:
 - A. Once again, we found the situation has worsened with the amount of bees nesting in one of the trees along the main road. We will inquire into a pest control company to rectify the situation before someone gets stung.
 - B. There is a ground hog that has taken residence in one of the landscaped/retaining wall areas off the main road in the northwest corner of the property. We will try to find an animal control company to assist and then will need to fill the hole, re level the ground and spruce up the area.
